REPORT OUTLINE FOR EVALUTING DIDACTIC CLASSES

1. A survey response rate for the unit (also in historical terms and in relation to the average for Nicolaus Copernicus University)
2. Average rating for the unit, including the rating of academic teachers (questions 1-4) and the evaluation of the achieved learning outcomes (questions 5-8) (also in historical terms and in relation to the average for Nicolaus Copernicus University)
3. Evaluation of didactic classes according to individual departments
4. Top-rated academic teachers
5. Information on the status of implementation of the recommendations declared in the previous report (what was successful - for green fields, and what was not successful - for red fields)
6. Elements of teaching practice that are appreciated and current problems requiring corrective actions (based on positive and negative student comments)
7. Recommendations for changes in study programmes
8. Recommended improvement actions
9. Key parameters for evaluating didactic classes

LP.	KEY PARAMETERS FOR EVALUATING DIDACTIC CLASSES	UNIT DATA
1	Survey response rate for the unit: value in % - percentage of respondents	
2	Survey response rate for the unit: percentage change compared to the previous measurement - increase/no change/decrease	
3	Survey response rate for the unit in relation to NCU - above/same/below	
4	Survey response rate for the unit in relation to the desired value: 20% (2023) - above/same/below	
5	Average rating for the unit: value - average rating	
6	Average rating for the unit: percentage change from the previous measurement - increase/no change/decrease	
7	Average rating for the unit in relation to NCU - above/same/below	
8	Average rating for the unit in relation to the desired value: 4,65 (2023) - above/same/below	

EXAMPLE: FACULTY OF PHILOSOPHY AND SOCIAL SCIENCES

LP.	KEY PARAMETERS FOR EVALUATING DIDACTIC CLASSES	UNIT DATA
1	Survey response rate for the unit: value in % - percentage of respondents	18,33
2	Survey response rate for the unit: percentage change compared to the previous measurement - increase/no change/decrease	(red)
3	Survey response rate for the unit in relation to NCU - above/same/below	(green)
4	Survey response rate for the unit in relation to the desired value: 20% (2023) - above/same/below	(red)
5	Average rating for the unit: value - average rating	4,62
6	Average rating for the unit: percentage change from the previous measurement - increase/no change/decrease	(blue)
7	Average rating for the unit in relation to NCU - above/same/below	(blue)
8	Average rating for the unit in relation to the desired value: 4,65 (2023) - above/same/below	(red)
